Dear Ve'ahavta and its Supporters:

On behalf of the residents of 200 Wellesley Street East, the City of Toronto and Toronto Community Housing would like to thank you for your generous donation. Your contribution provided much needed support to the residents of 200 Wellesley after the fire on September 24, 2010.

Torontonians demonstrated their community spirit by donating almost \$140,000 in cash and gift cards to help those in need. In addition, gifts of goods and services made it possible to provide clothing, shoes, diapers, mattresses, toiletries, housewares and other items that helped residents in the days after the fire, as well as those who have been relocated while repair work is being completed on their homes.

Partnerships are critical to achieving our vision of a prosperous, inclusive Toronto, and they are a critical thread in our city's social fabric. Your response to this crisis shows us that these partnerships make us stronger.

Yours truly,

Mayor David Miller
